Message from the President

I hope everyone is enjoying their summer and had a good 4th. The economy is bustling as we've seen increased volumes for all modes of transportation the past few months which should continue until the end of the year -- this often times translates to hiring new employees. If your company is looking for some good candidates to fill open positions, feel free to post on our Club's website under [Career Center](#) and check out resumes of individuals looking for a new job.

In reviewing the financials, the Finance Committee ensure that the Club's events are conducted in a cost effective manner. They compare the present reports with historical data to spot variances. Examples of what the Committee looks for are higher than normal costs of events and seminars, as well as the level of attendance, which of course, translates into revenue generated.
